PRODUCT DESCRIPTION

CLEANSE is a powerful non-ammoniated, non-scratch surface cleanser, combining deep cleansing action with high emulsifying properties. It is kind to hands and contains a mild gentle abrasive which is specifically designed to clean recommended surfaces without the harsh scratching of powder scourers.

DIRECTIONS FOR USE

Squeeze a small amount of CLEANSE on to a damp cloth or sponge. Agitate the surface gently to loosen dirt. Rinse sponge and wipe dry. For extra shine buff with a dry cloth. On laminated surfaces avoid prolonged isolated rubbing in the one spot. Close cap after use to avoid hardening. Effective on tiles, tubs and basins, sinks and taps, cook tops, natural stone, etc.
