DOMINATE

SANITISER / CLEANER

TECHNICAL INFORMATION

PHYSICAL FORM: Liquid
COLOUR: Clear
pH: 12
FLASHPOINT: N/A
ODOUR: Chlorine Note
SOLUBILITY IN WATER: N/A

PRODUCT DESCRIPTION

DOMINATE integrates a special blend of wetting agents, alkali builders and sodium hypochlorite to clean and sanitize all areas where stubborn stains and bacteria are a problem. DOMINATE is a very active mould killer and fast acting algaecide.

DIRECTIONS FOR USE

Using a foam type applicator, simply spray DOMINATE at a 1:10 dilution rate over surfaces to be treated, leave for a few minutes and simply rinse off. Dilute up to 1:100 for light cleaning. Heavy duty areas may require agitation. Ensure adequate ventilation when using this product. Do not mix with other chemicals. Store under cover in a dry, cool, clean, well ventilated place, away from direct sunlight. Do not use on fabrics, clothing, metals and damaged paint surfaces. This product may cause staining on older baths and basins where the enamel has deteriorated.
