GALAXY

SEALER & FLOOR FINISH

TECHNICAL INFORMATION

PHYSICAL FORM: Liquid
COLOUR: Brown
pH: 8.5 - 9.5
FLASHPOINT: N/A
ODOUR: Pine
SOLUBILITY IN WATER: N/A

PRODUCT DESCRIPTION

GALAXY provides an ultra-high speed floor finish with outstanding qualities, including slip and scuff resistant and self-leveling.

DIRECTIONS FOR USE

First remove all traces of wax, grime and other soilants using "RIP IT". Ensure all traces of chemical and foreign matter are removed and surface is dry. Next saturate a clean applicator and apply a thin, even coat to the floor (applying in one direction). GALAXY is a self-leveling product and mop strokes disappear. Allow 20 minutes for drying time (time may vary with atmospheric conditions). Apply 2 or 3 coats at right angles to the previous coat for best results. If a higher gloss is required, buff up with regular or ultra high speed machine and ALL PRO "GALAXY BUFFING SOLUTION". Heavy traffic areas can be recoated without stripping the floor. The new coat blends invisibly with the old.
